Emergency Aid for all students. NOW! For students who are in financial distress due to the loss of income, the federal government must from March 30th provide emergency aid, without prior assessment of the needs, over an amount of 3000 Euros. The Federal Government takes over the costs of emergency aid when the need is determined subsequently. If there is no need, the payment is converted into an interest-free loan that is due within 10 years. After the subsequent assessment of neediness, which could be based on the payments according to BAföG, handed in documents should only be: • Enrollment certificate • Proof of your own income or the income of the alimony payer / volunteer during the months of April to June We suggest that the...
